

T-Shelving modular system

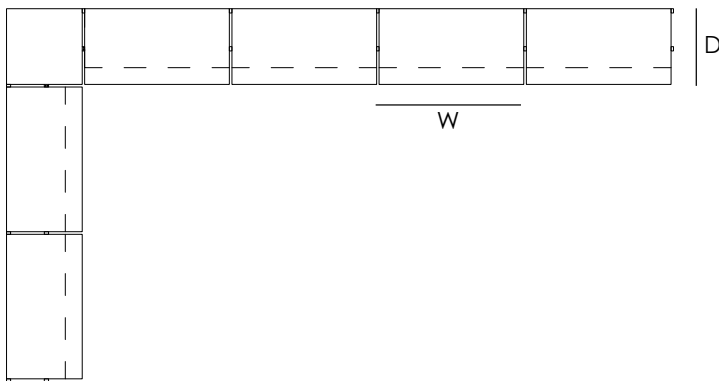

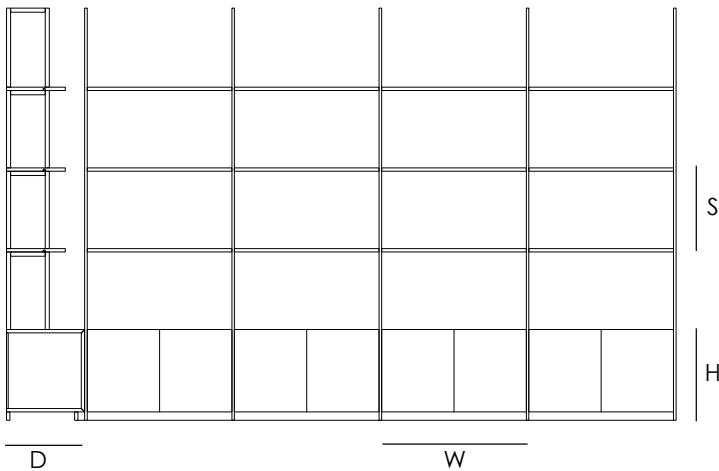

More than a display, an architectural construction, T-Shelving offers the maximum flexibility of a modular storage system and the elegance of an handcrafted book shelving.

A minimal design and clean lines to create a sleek shelving system ideal for high-end retail as well as a living space.

The shelves can be integrated with a uniform, minimal light system that guarantees the perfect condition for displaying goods.

At the base a masterfully handcrafted cabinet gives balance to the whole composition.
